

Aspen Building Performance Standard (BPS) Stakeholder Committee

Meeting 2 – February 28, 2023, 12pm – 3pm

<https://cbuilding.zoom.us/j/88970704256> or (253) 205-0468, **Meeting ID:** 889 7070 4256

Meeting Objectives

- Provide input on energy efficiency policy options and which buildings should be covered by the BPS
- Understand the model being used to help evaluate the impact of BPS on carbon reductions
- Begin to discuss what compliance support is needed

AGENDA

12:00 **Welcome, Brief Re-Introductions and Goals for Today**

12:20 **Agenda Review, Process Agreements and Context for Today's Discussion**

12:30 **Which Buildings Should Be Covered by the BPS?**

- **Presentation** – examples/what's been done elsewhere, relevant considerations for Aspen, potential policy options
- **High-level questions/discussion**

12:55 **What Should Aspen's Energy Efficiency Targets Be?**

- **Presentation** – what do we mean by efficiency targets, examples/learnings from elsewhere, relevant considerations for Aspen, potential policy options
- **High-level questions/discussion**

1:25 **BREAK**

1:30 **Small Group Discussions** – consider the policy options presented

- Which buildings should be covered and why?
- What energy efficiency policy options do you most like and why? (targets + timelines)
- Compliance pathways – what counts as meeting the target?
- What may be key challenges/barriers for buildings to achieve these targets?

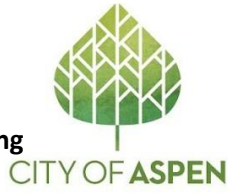

2: **Group Debrief**

2:30 **Getting from Here to There – What Types of Compliance Support May Be Needed?**

- Acknowledge compliance challenges
- Discuss role of solutions/incentives/support

2:50 **Role of Workgroups Going Forward – Equity + Workforce and Potentially Water**

- Proposed approach for input and refinement – purpose/role, discussion topics and anticipated timeline

2:55 **Next steps + March Committee meeting**

3:00 **Close**
